How to login?

- Open URL http://cen.iitb.ac.in/equipment_troubleshooting
- Enter email address as username (The same username and password that you use for slot booking module)
- Enter password
- Click on **Login**

The screenshot shows the login interface for the 'Equipment/ Facility/ Safety/ Process Troubleshooting' system. At the top, there are logos for 'CEN' (Centre Of Excellence In Nanoelectronics) and 'INUP' (Indian Nano Electronics User Program). The top right corner displays the date and time: 'Tuesday 18th of May 2021 02:52:44 PM'. Below the header, the title 'Equipment/ Facility/ Safety/ Process Troubleshooting' is centered. A sub-header 'Welcome to Equipment/ Facility/ Safety/ Process troubleshooting' follows. The main form is titled 'Login' and contains fields for 'E-Mail Id *' and 'Password *'. A CAPTCHA field is labeled 'Validation code*' with the code '5bw4gt'. Below it is a text input field for 'Enter the code above here:' and a link 'Can't read the image? click here to refresh.' At the bottom of the form are 'Login' and 'Reset' buttons. A note at the bottom of the page says 'Please use the same login id and password as in the slotbooking module'. The footer includes a note 'Optimised for Mozilla Firefox 17.0.1 and 1024 * 768 resolution and above' and a copyright notice 'Copyright © 2021 IITBNF, IIT Bombay. All Rights Reserved. Released on May 20, 2021 Version 1.2'.

How to fill the complaint form?

- You can make complaint related to Equipment, Facility, Safety or Process.
- To fill the complaint form, in the left panel click on > "**Complaint Form**"
- For equipment/facility/safety/process related complaints, make sure to select the correct option from "**Equipment/Facility/Safety/Process Related**" respectively.
- Write description of complaint and you may upload complaint related file (picture/ document) to support your complaint.

Pradeep Nyaupane 06 Aug 2018 09:34 AM	EMT Sushil		Replaced Probe head with another spare one (1 mm 40 Micron) and checked it is working fine. Issue resolved.							System is up for usage.
Pradeep Nyaupane 01 Aug 2018 10:38 AM	EMT		Probe head cleaning has been done. But issue is persist. \nEmail has been sent to OEM for support.							
Pradeep Nyaupane 26 Jul 2018 10:18 AM	EMT Sushil		EMT will work on this on 26th July 2018.							Activate Windows Go to Settings to activate Windows

How to view pending complaints for equipment, facility, safety and process?

- In the left panel click on "**Pending Complaints**"
- To view pending complaints of equipment, click on "**Pending Complaints**" > "**Equipment/Facility/Safety/Process**".
- The complaints related to **Equipment/Facility/Safety/Process** will be displayed. You can filter the complaints toolwise.
- To view the process complaints, select tool name from dropdown list and click on "Filter" button.

Process (Pending Complaints)									
Tool :	--Select--					Filter

Confirmation

Do you want to transfer the complaint to Equipment ?

- This checkbox is enabled to only process of Pending complaints. It disabled for process of Complaint History & Closed Complaints
- Similarly like equipment if logged in as **admin/ITadmin/editing rights for whichever**, you can edit, change status and download pending complaint list for facility, safety and process.

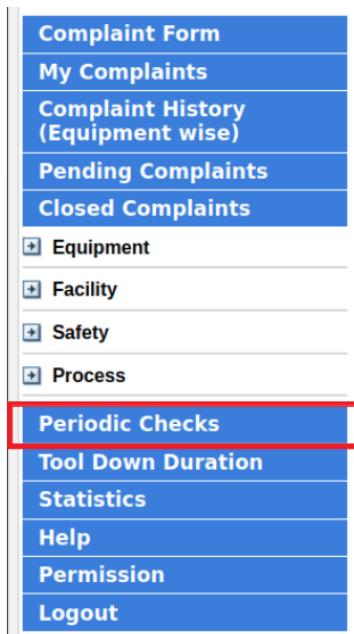

How to view closed complaints for equipment, facility, safety and process?

- Closed complaint means the issue is resolved.
- To view the list of closed complaints, in the left panel click on "**Closed Complaints**"

- To view closed complaints of equipment, in left panel click on "**Closed Complaints**"> click on "**Equipment**".
- The equipment complaints will show up, you can filter the complaints equipment wise.
- Likewise, you can view the facility, safety and process complaints.

How to view periodic checks documents for Facility?

- To view the periodic checks documents, from the left panel click on “**Periodic Checks**”
- Checking report of AHU, Chiller, Exhaust blower, Earthpit and UPS battery are uploaded in every 4 months under the “Periodic Check” option.
- To view the document (checklist), click on this icon under the “File” column; the file will download in excel sheet format.

Logged in as Rajni Moona

Periodic Checks					
No.	Type	File	Upload		
1.	AHU		Browse...	No file selected.	Submit
2.	Chiller		Browse...	No file selected.	Submit
3.	Exhaust blower		Browse...	No file selected.	Submit
4.	Earth pit		Browse...	No file selected.	Submit
5.	UPS battery		Browse...	No file selected.	Submit

- If logged in as admin/ITadmin/editing rights as facility member you can upload file of 'xlsx' extension, click on Browser button and click submit.

Periodic checks type's description:

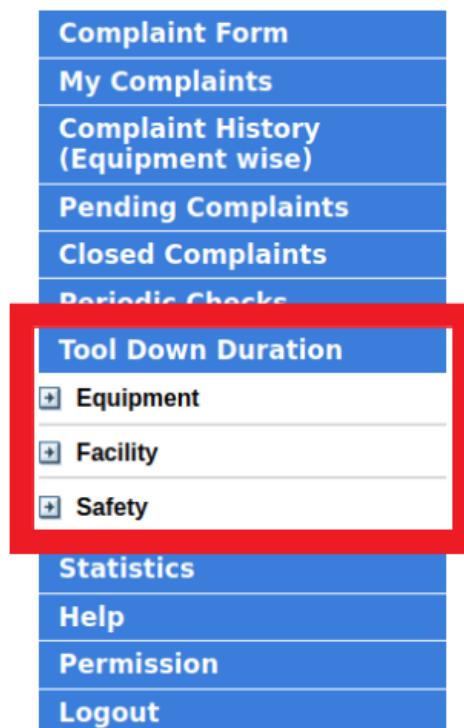

- **AHU:** Electrical reading of compressor, low pressure and high pressure reading of outdoor. This reading is taken during pm work.
- **Chiller:** LP HP reading of condenser unit along with electrical reading of pump and condenser unit.
- **Earth pit:** pit reading are taken every month to maintain the spec
- **Battery ups:** battery reading are taken every month to view the health check
- **Exhaust:** CFM reading are taken every month once

Periodic Checks

No.	Type	File
1.	AHU	
2.	Chiller	
3.	Exhaust blower	
4.	Earth pit	
5.	UPS battery	

How to View Tool Down Duration?

- You can view the tool down duration of equipment and facility.
- Tool down duration shows the down time duration of equipment.
- To view the tool down duration, in the left panel > click "**Tool Down Duration**"
- To view the tool down duration of equipment, in the left panel click on "**Tool Down Duration**" >"**Equipment**"

Tool Down Duration : 18 May 2021

How to view the statistics of complaints logged?

- You can view the statistics of equipment and facility.
- You can view the complaint status of equipment/facility.
- To view the equipment statistics, in the left panel click on "Statistics" >"Equipment"
- To view the facility statistics, in the left panel click on "Statistics">"Facility"
- Likewise you can view the safety and process statistics.

How to give edit permission?

- If logged in as admin/ITadmin in the left panel click on “**Permission**”.
- Select member name from the drop down in right panel.
- Click on check box to assign permission to particular type(equipment/facility/safety/process) and click on submit button at the bottom of the page.
- The expired member id is shown in yellow color.
- To delete any member id click on “X” against particular id.

How to logout?

- To logout, in the left panel click on "**Logout**"
